

Sprint 1 Report

4/22/16

Brewmasters: Kevin McCotter, Cole Lampert,
Eric Rodriguez, Justin Farris, Jonix Gabato-Telmo

Stop doing:

- We need to stop merely researching topics on the site and actually moving to implementation

Start doing:

- We need to start working faster on user stories and generally getting parts of the site operational
- We need to balance working on things for other classes and working on Tavern Cellar

Working well:

- We have been holding very quick and efficient scrum meetings.
- We have been communicating well using Slack

Work completed:

- Set up Scrum Board & Github
- UI Wireframes
- Basic upload system
- Webserver framework
- Database schema and implementation
- Team members understand Flask

Not completed:

- System reference document upload and view pages
- UI Prototype

Work completion rate/velocity:

- We are spending on average 6 hours a day on this project (across all members).
- We are completing an average of 1 story point per day.
- Our ideal work hours were 3 work hours (one hour per day per person)
- We did not meet our ideal work hours.
